

DESCRIPTION

Series 990 Fixed Tilt Mirrors are designed for the convenience of wheelchair users. The top of the mirror extends 4" from the wall, tapering to a 1" bottom.

TECHNICAL DATA

Mirror: 5mm thick float plate glass, electro-copper backed to prevent silver spoilage.
Back Plate: Full-sized 22 gauge galvanized steel with punched key slots.
Wall Bracket: 22 gauge galvanized steel with shoulder rivets.
Frame: 18 gauge type 304 stainless steel with #4 satin finish and welded corners.

SPECIFICATION

Fixed Tilt Mirrors shall be Series 990 as manufactured by JSM, Rancho Dominguez, CA. Mirrors shall be ____" wide x ____" high.

NOTES

1. Mirror sizes indicate nominal glass size. **Actual finished mirror sizes are 1/4" larger.**
2. Always order mirrors by width first, then height.

INSTALLATION

1. Attach mounting bracket to wall using mechanical fasteners appropriate for existing wall conditions.
2. Mount mirror on wall bracket making sure shoulder rivets are fully seated in the neck portion of the key slots.

GUARANTEE

990 Series Fixed Tilt Mirrors are guaranteed for ten years against silver spoilage with proper maintenance.
